StarShip vs. QuickBooks Shipping Manager

	StarShip by V-Technologies	QuickBooks Shipping Manager
Best For	Growing, mid to high-volume shippers	Small, low-volume shippers
Carriers	Multi-carrier + LTL (35+ carriers)	Limited (UPS, FedEx, USPS)
Automation	Rules-based + batch shipping	Mostly manual
Multiple Packages	Multi-piece shipping avaiable	Not available
3rd Party Billing	Fully supports customer / 3rd party billing	Not available
Integration	QuickBooks, WMS, eCommerce	QuickBooks only
Visibility	Centralized tracking + reporting	Basic tracking
Scalability	Tier plans, grow with your business	Limited as you grow

STARSHIP

by V technologies

A better way to ship!

BUILT FOR COMPLEXITY

Easily manage multi-package shipments and higher order volume

AUTOMATE DECISIONS

Apply rules to select carriers, services, and billing—no manual input

INCREASE EFFICIENCY

Batch process shipments and eliminate repetitive tasks

CONTROL SHIPPING COSTS

Compare rates, optimize carriers, and support 3rd party billing

Explore smarter, more efficient shipping
